EDUCATION

University of Maryland

Bachelor of Science in Computer Science, Cybersecurity Track; Bachelor of Science in Economics. FIRE Completed; Semester Academic Honors (Fall 2025, Spring 2026). GPA: 3.50.

Relevant Coursework: Programming Language Technologies & Paradigms, Design & Analysis of Computer Algorithms, Economics of Big Data, Econometrics, Computer and Network Security, Cryptography

College Park, MD
Expected Dec 2027

PROJECTS

Group Think

Developer

Jun 2026 – Present

- Architecting a collaborative iOS app in SwiftUI and Xcode to help users manage each other's screen time and downtime; in active development with 1 collaborator.
- Integrated Firebase to handle user authentication and real-time cross-device data synchronization.

Discord Bot Development

Python Developer

Jan 2026 – May 2026

- Built three Discord bots in Python with SQLite, SQLAlchemy, and Alembic, exposing FastAPI REST endpoints under near 24/7 uptime: one serving 19,000 users, one 700 members, and one across 11 servers with 1,000+ total users.
- Implemented OAuth2/JWT authentication and role-based access control; developed async event-driven automation and scheduled tasks including anti-nuke protocols and panic modes.

EXPERIENCE

Recruitment Ambassador

UMD College of Computer, Mathematical, and Natural Sciences

Sep 2026 – Present
College Park, MD

- Represent CMNS at open houses, information tables, and virtual panels to help prospective students make informed enrollment decisions.

President

Asian American InterVarsity

Mar 2026 – Present
College Park, MD

- Lead a 120-member chapter: set organizational vision, manage UMD funding requests, and coordinate weekly small group and large group events.
- Drive accountability across a 20-person leadership team through structured one-on-ones and direct feedback, keeping every tier aligned with chapter goals.
- Facilitate a weekly men's small group, guiding Bible study and community programming to foster trust and growth.

Chapter Founder / Executive Director

CS Base

Nov 2025 – Present
College Park, MD

- Founded the University of Maryland chapter of CS Base to expand CS education across underserved areas in the DC Metro Area.
- Coordinated 15 volunteers to deliver programming, machine learning, and app development curriculum to 100 K-12 students.
- Authored and delivered an app-development course for 100+ students, adapting curriculum to students' technical proficiency, tools, and development environments.

Student Police Auxiliary

University of Maryland Police Department

Dec 2024 – Sep 2025
College Park, MD

- Conducted situational assessments and coordinated with 100+ officers and 50+ peers to ensure safety for 60,000+ students, staff, and faculty in high-stress environments.

Developer / Tester

Touch by Touch Fencing

Jan 2022 – Mar 2023
Morris Hills, NJ

- Co-developed a JavaScript and HTML web and mobile application serving 135+ schools; executed live-competition test cases to ensure data accuracy and system resilience.

SKILLS

Programming: Python, Java, JavaScript, C, Rust, SwiftUI, HTML, R, Assembly, OCaml, Haskell, Dafny

Tools & Environments: Git, FastAPI, SQLAlchemy, Firebase, Linux, VMware, Microsoft Office Suite

CERTIFICATIONS

- GIAC Cloud Security Essentials (GCLD)
- GIAC Foundational Cybersecurity Technologies (GFACT)

AWARDS & HONORS

- Eagle Scout (Awarded 2021)
