EDUCATION

University of Maryland

Bachelor of Science in Computer Science, Cybersecurity Track; Bachelor of Science in Economics. FIRE Completed; Semester Academic Honors (Fall 2025, Spring 2026). GPA: 3.50.

Relevant Coursework: Programming Language Technologies and Paradigms, Design and Analysis of Computer Algorithms, Economics of Big Data, Econometrics, Computer and Network Security, Cryptography

College Park, MD
Expected Dec 2027

PROJECTS

Discord Bot Development

Jan 2026 – Present

Python Developer

- Built three Discord bots in Python with SQLite, SQLAlchemy, and Alembic, exposing FastAPI REST endpoints under near 24/7 uptime: one serving 19,000 users, one 700 members, and one across 11 servers with 1,000+ total users.
- Used jishaku for live debugging and hot-reloading to incorporate updates without downtime; implemented OAuth2/JWT authentication, role-based access control, async event-driven automation, and scheduled tasks including anti-nuke protocols and panic modes.

Group Think

Jun 2026 – Present

Developer

- Architecting a collaborative iOS app in SwiftUI and Xcode to help users manage each other's screen time and downtime; source available at github.com/Eliu1117/GroupThink.
- Integrated Firebase to handle user authentication and real-time cross-device data synchronization.

EXPERIENCE

Chapter Founder / Executive Director

Nov 2025 – Present

CS Base

College Park, MD

- Founded the University of Maryland chapter of CS Base to expand CS education across underserved areas in the DC Metro Area.
- Coordinated 15 volunteers to deliver programming, machine learning, and app development curriculum to 100 K-12 students.
- Authored and delivered an app-development course for 100+ students, adapting curriculum to students' technical proficiency, tools, and development environments.

President

Mar 2026 – Present

Asian American InterVarsity

College Park, MD

- Lead a 120-member chapter: set organizational vision, manage UMD funding requests, and coordinate weekly events.
- Drive accountability across a 20-person leadership team through structured one-on-ones and direct feedback, keeping all tiers aligned with chapter goals.
- Facilitate a weekly men's small group, guiding Bible study and community programming to foster trust and growth.

Developer / Tester

Jan 2022 – Mar 2023

Touch by Touch Fencing

Morris Hills, NJ

- Co-developed a JavaScript and HTML web and mobile application serving 135+ schools; executed live-competition test cases to ensure data accuracy and system resilience.

Recruitment Ambassador

Sep 2026 – Present

UMD College of Computer, Mathematical, and Natural Sciences

College Park, MD

- Represent CMNS at open houses, information tables, and virtual panels to help prospective students make informed decisions.

Student Police Auxiliary

Dec 2024 – Sep 2025

University of Maryland Police Department

College Park, MD

- Conducted situational assessments and coordinated with 100+ officers and 50+ peers to ensure safety for 60,000+ students, staff, and faculty in high-stress environments.

SKILLS

Programming: Python, JavaScript, Java, C, Rust, SwiftUI, HTML, R, Assembly, OCaml, Haskell, Dafny

Tools and Environments: Git, FastAPI, Firebase, SQLAlchemy, Linux, VMware, Microsoft Office Suite

CERTIFICATIONS

- GIAC Cloud Security Essentials (GCLD)
- GIAC Foundational Cybersecurity Technologies (GFACT)

AWARDS & HONORS

- Eagle Scout (Awarded 2021)
